IMPACT

IMPACT

Trapped – in a 1970s arcade game! Every escape route is blocked by a wall of brightly coloured bricks. Powerfully addictive, IMPACT has 80 built-in screens, but if you prefer you can design your own – as hard, as simple, as much fun as you like. Hidden on each screen are special tokens – catch them if you can. Use them to buy one of nine powerful weapons, or keep them until the end of the screen to score a bonus. If you thought the fun had gone out of computer games then IMPACT is the game that'll change your mind!

Here's what ACE said about the Atari ST version.

Very colourful. . . amazingly addictive. . . ACE rating 955/1000
